

Logo (wordmark)

Logo font

Wordmark logo uses **Roboto Bold**, a round and wide sans serif font. To make the logo stand out, Roboto shouldn't be used anywhere else. Using Roboto could be useful for 'official side-projects' branding.

diaspora*

Spacing

Always save some space around the wordmark when including the logo in your design, as shown in this picture.

a diaspora* a

Wordmark over colored backgrounds

Use the black or white wordmark depending on which one works for better contrast.
